

Layout Project

You are to create a layout as shown in the images below. The layout must match the images shown in both landscape and portrait modes. The spacing needs to be relatively close but does not have to be exact. There are to be no errors or warnings in the layout as shown in the screen shot.

Specs:

This was written in Kotlin Oreo 8.0

I used Pixel 2 XL API 26 as my emulator. You can use another just this is what I used.

Title text size is 34sp

Title text color is #E53935

Buttons must be in a horizontal chain style will be spread

Checkboxes must be in a table. First three are one row, second three are another.

You must use the image I provided. The size in android will be 130dp x 130dp.

Figure 1 shows the starting screen and portrait layout

Figure 2 shows the landscape

Figure 3 show the only class you are to have

Figure 4 shows the layout has no errors or warnings.

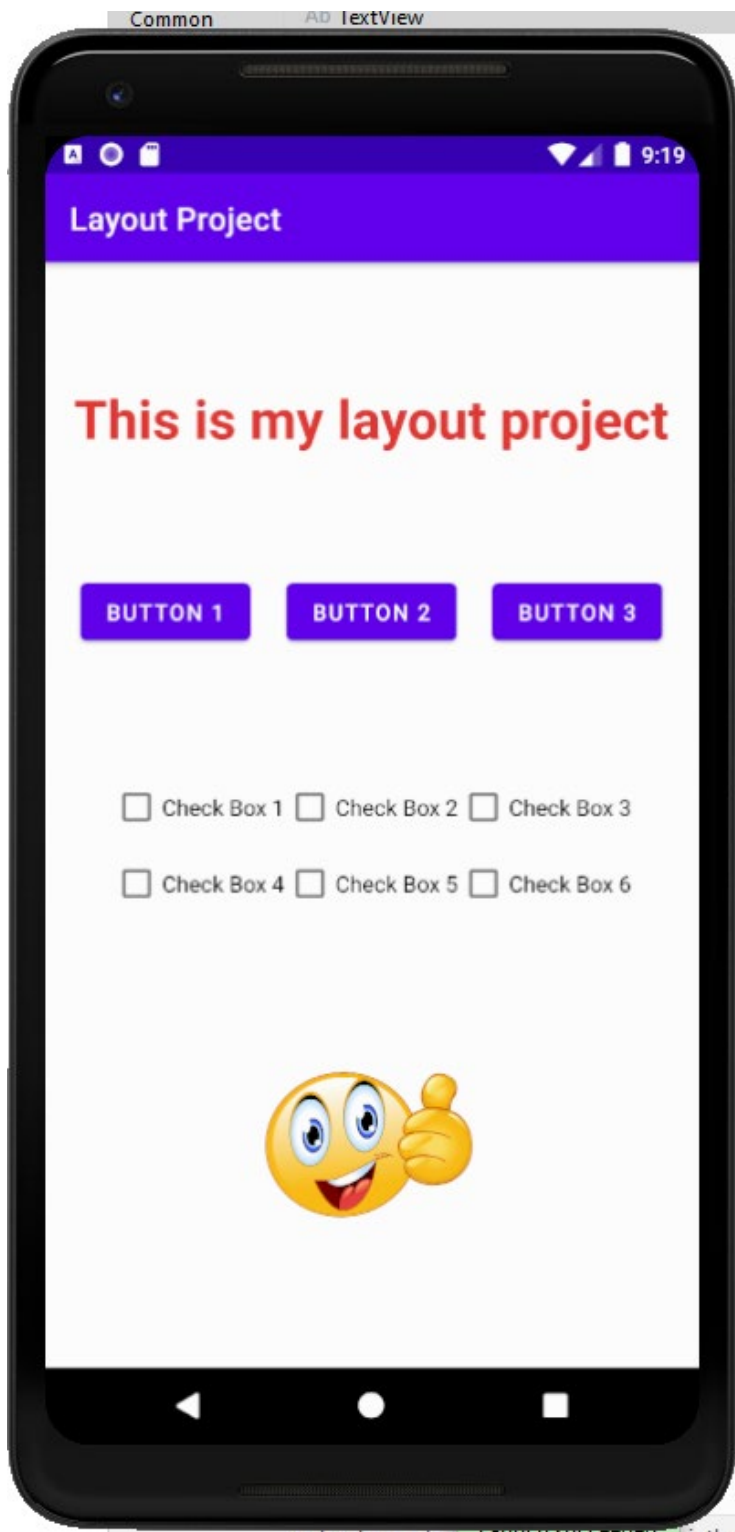

Figure 1: Starting Screen

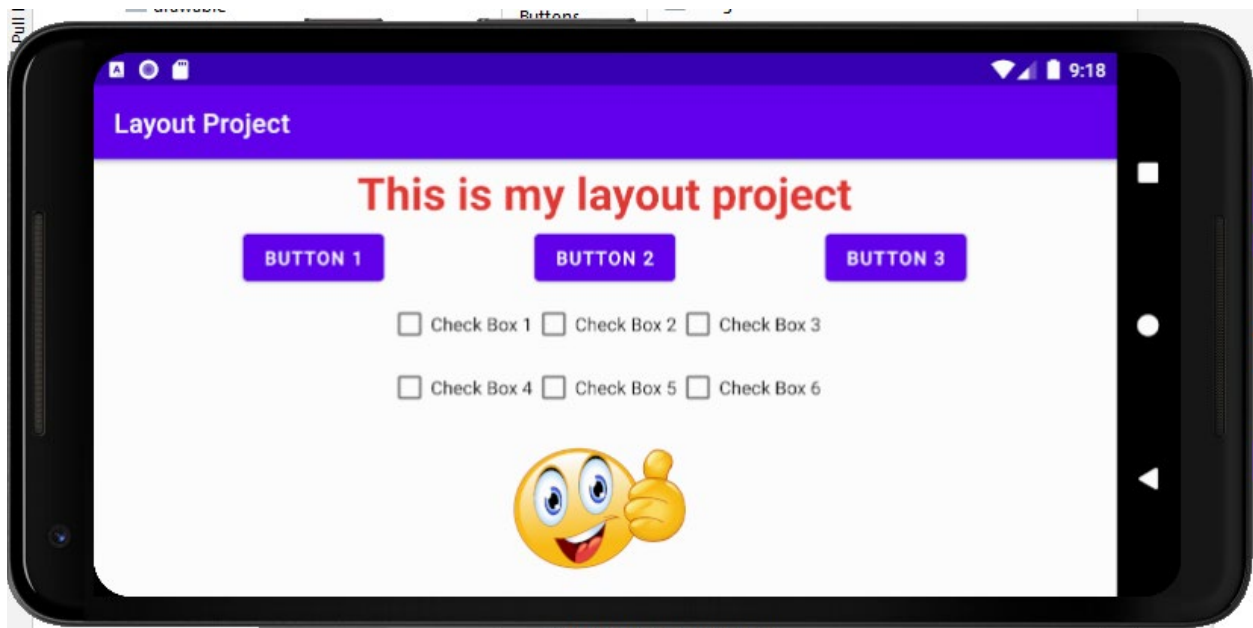

Figure 2: Landscape

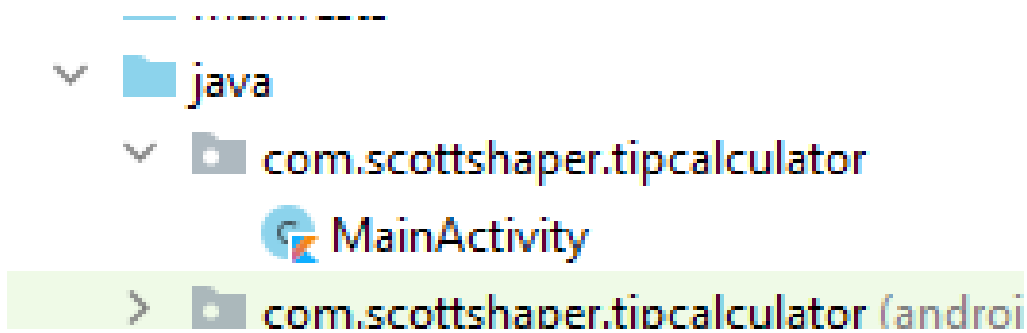

Figure 3: Classes you are to have

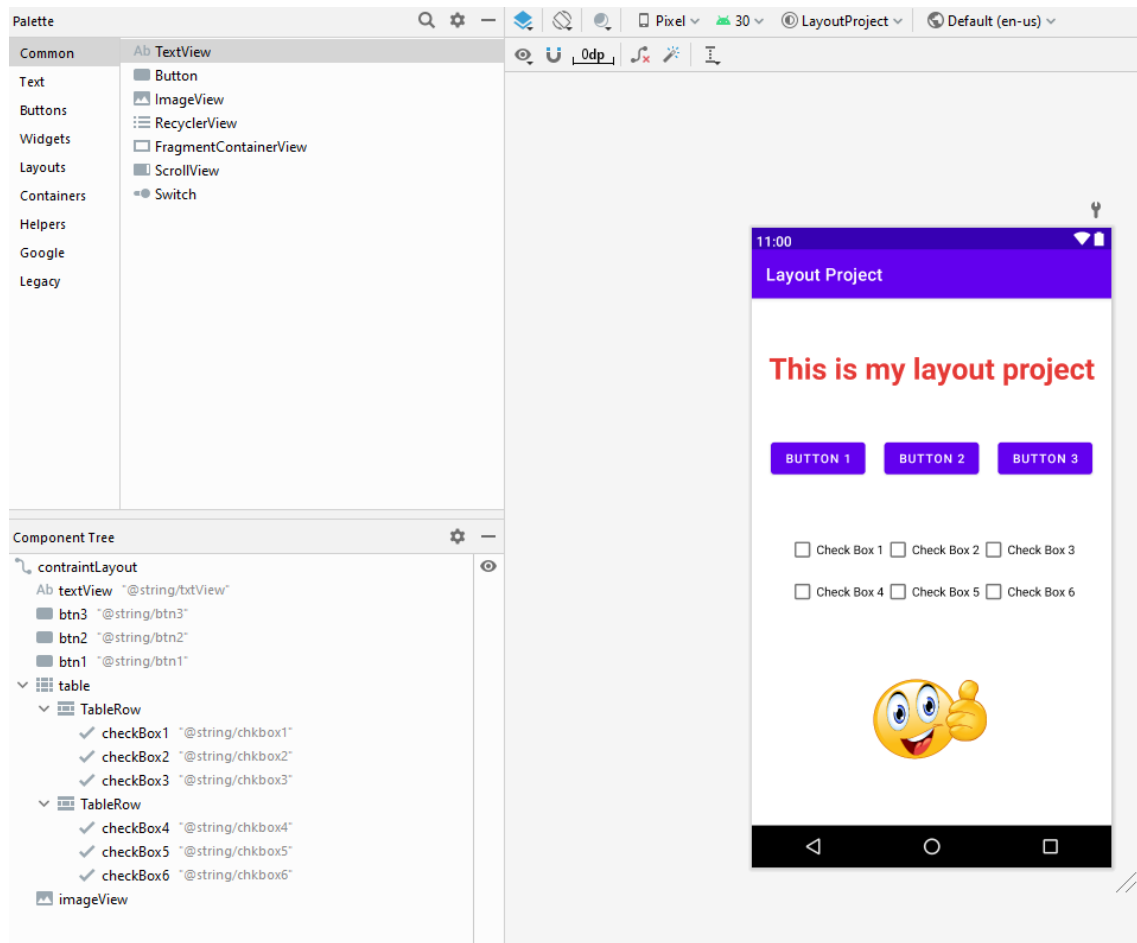

Figure 4: No errors or warnings in layout
